

Stacy Mueller, Alta Elementary/Preschool Principal spoke to our group on Tuesday. Stacy is starting her first year as Alta Elementary Principal. She grew up in Lakota, Ia. and graduated from Swea City high school. She then attended the University of Dubuque. Her first job was teaching 21 level three students at East Des Moines for two years. After that Stacy taught for a year in Oklahoma. She then came back to Iowa where she taught special ed. at Waukee for seven years. Next Stacy got her Master's in school administration and spent seven years in Algona--- five years as principal. Due to cutbacks, she applied for an opening as Alta Elementary Principal and got the job. Stacy is eagerly looking forward to her new position. She is married and has a six-year-old son. Just recently they began hosting a 15 year-old girl--- a foreign exchange student from Austria. Let's all welcome Stacy to our community.
