

Tuesday morning fellow Kiwanian Jane Meyer spoke to our group. Jane talked about the fruit truck which comes to Storm Lake roughly once a month. The fruit truck usually parks in Bomgaar's parking lot and each month features a different fruit. A variety of seasonal fruits from around the country are loaded onto a truck, shipped into Storm Lake, and are sold from the truck. January's featured fruit was strawberries. Information about dates when the next fruit truck will be in the area can be found online under the heading Fruit Club. They can also be reached at this phone number: 1-855-711-6677. Jane also stated that the trucks intend to begin shipping meat and seafood. Next drop-off will be this Thursday from 9am-10am.
